

Oil FILTER HOUSINGS

NEW!

In modern engines, oil filter is part of filter module. During service work related with oil and filter insert replacement it is worth checking **condition of oil filter housing**.

In case of damaged oil filter housing, take advantage of Polcar offer and choose Vaico product.

Housings made of high quality materials ensure:

- ▶ **resistance to mechanical damage,**
- ▶ **resistance to high and low temperatures,**
- ▶ **suitability** for dedicated filter inserts and gaskets.
